

Ideas for cancer treatment care packages

Thank you for your generosity!

Often thoughtful little gifts make all the difference in the world and help lift the spirits of patients receiving cancer treatments. When creating a care package, here are some ideas that would most likely be appreciated by cancer patients:

- Tote bag
- Individually wrapped hard candies such as lemon drops, root beer barrels, butterscotch, etc.
- Sugar-free, lemon flavored throat lozenges
- Mild flavored chewing gum
- Unscented moisturizing skin care products – lotion, soap and lip balm
- Soft socks or slippers
- Hats or scarves
- Travel pillow
- Blankets
- Activities such as Sudoku, crosswords, coloring books, journals, deck of playing cards, magazines, books etc. include pens or colored pencils
- Unscented wet wipes or hand sanitizer
- File organizer
- Water bottle
- Healthy snacks such as granola bars, dried fruit and nut mix, rice cakes, pudding, etc.

Please do NOT include these items:

- business cards, advertisements or solicitations
- Scented lotions, lip balms or hand sanitizers; always opt for the unscented varieties

Again, thank you for your generosity. Your donation will directly benefit patients in our care.
