

Updated 11/19/2021

Please note updates in BOLD font

Dear Vendors,

CentraCare contracted with Green Security for vendor credentialing as of **9/7/2021**. **This is a notice following other attempts to seek your cooperation:**

ALL vendors requiring access to CentraCare facilities MUST be registered and fully credentialed PRIOR TO COMING ON SITE.

****You are receiving this notice because you have not yet registered with Green Security. We currently do NOT have your credentials on-file and therefore you are NOT in compliance with CentraCare policies. Those who are NOT fully credentialed will NOT be allowed to provide services at any of our CentraCare facilities until you have registered and are up to date with all required credentials.**

Register: Visit our website: <https://gm.ac/centracare-vendors>

When Non-Employed Staff are NOT fully credentialed, this puts our patients and employees at risk. It also puts CentraCare at risk for potential Regulatory implications.

NOTE: If registration and compliance is not met in a timely manner, we will take further measures by contacting your superior to arrange for alternative support.

If you have questions about our policy, contact Jonathan.Favre@centracare.com. If you need assistance with registering, please direct those questions to Green Security Customer Service 866-750-3373.

We appreciate your cooperation,

Facility Name	Kiosk Location
