

Laboratory

Your partner in health care ...
together we make a difference

Connection

A Newsletter of CCH Laboratory Services

December 2015

In this season of reflection, celebration and expectation, may you experience many reasons to be joyful. Let the spirit of faith, hope and love envelope your hearts and homes.

Happy Holidays

The holiday season provides us with a variety of opportunities to take a moment to appreciate all that we have. As we reflect, CentraCare Health Laboratories would like to extend our appreciation for your business relationships as our regional contribution continues to expand. Together we provide unsurpassed quality health care to our communities. It has been an honor and a pleasure partnering with you. We look forward to continued collaboration for years to come.

From the teams within CentraCare Health Laboratories, we wish you and your families a season filled with jubilant celebration and promise for the future.

CENTRACARE Health

Patient safety is non-negotiable

Our laboratories within CentraCare Health are intensely committed to providing the highest quality service, while maintaining an atmosphere of safety for the customers we serve.

The laboratory team at CentraCare Clinic – River Campus recently was visited by Craig Broman, MHA, FACHE, President, St. Cloud and Regional Hospitals, in recognition of their milestone 450 business days patient/specimen identification error free. At over 20 months, the numbers of patients and specimens touched are staggering. The team's efforts as leaders in patient safety and service are highlighted as one of the many success stories within CentraCare Health.

CentraCare Health Laboratories maintain this focus for our employees as well as our clients. Strict adherence to patient identification and established specimen labeling criteria are a fundamental key to ensuring safe treatment for every patient. We value your partnership in our commitment to patient safety within our communities.

(Left to right) Craig Broman, Shari Kenyon, Becky Kremers, Nicole Jacobson, Sonja Mager and Colleen Lind
