

# Teen Driving Skills and Parent Awareness Program

## Vehicle crashes are the number 1 killer of teens

To help reduce teen crashes, injuries and fatalities in Minnesota, teens ages 15–25 and older who have a valid Minnesota instructional permit or provisional driver's license and their parents can attend an advanced driving skills and parent awareness program.

### WHERE

**Minnesota Highway Safety and Research Center • 1805 S. U.S. Hwy 10, St. Cloud 56304**  
(Across from the State Correctional Facility)

### WHEN

**March 2 or May 4, 8 am to noon.**  
**Course fee \$60.00**

Teens will drive specially-equipped vehicles, on a closed-course, under the supervision of professional instructors. They will experience challenging driving conditions with the goal of improving crucial safe driving skills. The course will take teens through driving scenarios that include:

- Speed Selection
- Skid Control
- Innattentive Driving
- Obstacle Avoidance
- Off-road Recovery
- Hazard Recognition

#### Parents will learn about:

- Real Teen Driving Risks
- Teen Driving Laws
- Additional Resources

**Register at [www.mnsafetycenter.org](http://www.mnsafetycenter.org) or call 1-888-234-1294.**

**ST. CLOUD STATE**  
UNIVERSITY™

**EDUCATION FOR LIFE.**
