

## EMPLOYEE CAMPAIGN 2024 Partners in Caring

2024 Focus:

### **Greatest Needs in our Communities**

We all have unique stories behind the causes we support. When you participate in the Employee Giving Campaign, your individual story becomes part of a larger narrative that transcends individual lives, weaving together compassion, generosity, and hope.

You are not only investing in the health and well-being of your community, but also demonstrating the values that define CentraCare. Together, we are choosing to make a meaningful difference and ensure that quality healthcare is accessible to our communities.

Visit the Employee Campaign website for the complete list of funds.

Join our Employee Campaign May 1-31!
