

**Sample Bulletin Entry for Clergy use in Recruiting a Faith Community Nurse**

I invite you to take the opportunity to consider Parish Nurse Health Ministry in our faith community. Being a Parish Nurse can be an extension and support of clergy in our faith community with home & hospital visits, education and support to parishioners. A first step in considering the role is a discussion with clergy/leadership and reviewing information on parish nursing. A current RN license in MN is required. Scholarships are available for the five-day Foundation of Parish Nurse class which can be taken at two sites in MN or online. More information on Parish Nursing can be found at <http://www.centracare.com/services/spiritual-care/faith-community-nursing/>.
